Steaks are cut to the thickness you specify, 1" is normal thickness. Steak thickness must be the same for split halves to ensure there is an even division of the cuts. (On a split half, also called a "mixed quarter" or ½ of a ½, the customer receives cuts from both the front and hind quarters of the beef).

Hamburger patties are packed in 5 lb. boxes unless otherwise specified. The meat comes from the trimmings and will decrease the amount of ground beef you end up with.

Any cooked or smoked product is subject to weight loss. Please call us if you have questions on that.

Other cuts are available upon request (i.e. brisket, flank, skirt steak, etc.). If you would like a specific cut, please let us know. If you do not want these cuts, we put these into your ground beef.

All prices are subject to change without notice. A 3% cash discount is available on all custom processing.

Your beef will be ready for pick up on the 2nd Thursday after the week your animal was sent in for slaughter. You can pick up your beef during normal business hours. If you are unable to pick up your meat within 1 week of being ready, please call to make special arrangements. We reserve the right to charge for storage after 1 week if arrangements are not made.
